

Yonge Street Revitalization – Construction Staging Area

This is to inform you that construction for the Yonge Street Revitalization is scheduled to begin soon.

During the construction period, the contractor will be using a nearby property as a staging area for their trailer, equipment, and materials. They have been instructed to keep this area safe and orderly, and to minimize any disruption to local residents.

The contractor is required to ensure that their work areas remain safe and that public safety is maintained. We ask that residents and the public respect the safety measures and signage placed by the contractor to ensure that all work proceeds unhindered and in a safe manner.

Should you have any questions or concerns, please do not hesitate to contact us.
